

- Legend:**
- Contour lines
 - Original contour lines
 - Constructions above slice's level
 - Tunnel
 - Demolitions
 -
 - Main branch of sweep system laying in tunnel's installation channel
 - Service connection (possible way for other services)

50.55 ground elevation

S2 coordination point marking out distances to numbered points

- Notes:**
- ① Check the pool's margin elevation (48,02 / -3530)
 - ② Relocate the desk
 - ③ Remove this tree
 - ④ Inspection services manhole (in the tunnel's floor)

- Notes:**
- 1 All work to be done according to current regulations and technology rules, including health and safety.
 2. In case of any doubt, uncertainty or unforeseen circumstances consultation with the architect is needed to clarify progress of work.
 3. Drawing of individual professions and other documentation on the list are part of the main drawing. It is necessary to coordinate building structure drawings and adjustments made by other professions.

~ IN PROGRESS ~

+0,000 = 51,55 meters of the survey
 +0,000 = 25,35 meters above the sea
